| <ul style="list-style-type: none"> <li>🌐 flash point &gt; 62 °C</li> <li>🌐 based on aliphatic hydrocarbons</li> <li>🌐 free of aromatics and corrosion inhibited</li> <li>🌐 increased cleaning effect and high ink dissolving performance</li> <li>🌐 very economically in consumption</li> </ul> | <ul style="list-style-type: none"> <li>🌐 spontaneous emulsification and high emulsion stability</li> <li>🌐 excellent for removing paper dust</li> <li>🌐 enhanced draining characteristics in drain pans on blanket washing units</li> <li>🌐 to be removed with water, leaving no residues</li> </ul> |
|---|--|

*Features*

We recommend setting the washing system to optimise the cleaning cycle and VitaWash Forte performance. In case of manual cleaning, use VitaWash Forte undiluted or mixed with water. Apply the wash to the blanket or roller, then finally rinse with water until all ink and cleaning agent residues have been removed.

Follow the automatic washing system manufacturers' operating instructions. If manual cleaning with a hand rag, wear protective gloves during application, follow all press safety instructions.

*Note*

VitaWash Forte is approved by Heidelberg, manroland, KBA Planeta, Baldwin, Technotrans and Oxy Dry for use in their machines. It is certificated by ISEGA, intended use provided, VitaWash Forte is therefore appropriate for the application in the food packaging printing.

- 20 litre can
- 200 litre barrel
- 1000 litre container

Package

VitaWash Forte is classified according to EC-Directive 1999/45/EC - in its latest version and does not need to be marked.

VitaWash Forte is not a dangerous good in the sense of national and international transport regulations.
